

ILSI America Hires National Sales Manager

April 16, 2019

Reno, NV- ILSI America, a Market Leader in Frequency Control Products and parent company to MMD, Ecliptek and Oscilent, is pleased to announce the addition of David Brassfield as National Sales Manager.

David holds a B.S. in Engineering from Arizona State University and brings years of experience selling frequency control products to the ILSI America team. In his previous role, David developed business with strategic key accounts in the Automotive, Medical, Industrial, Consumer, and Military markets while establishing a first in class network of Sales Representatives and Channel Sales Partners.

“We are excited to have David join our team, his technical acumen and sales experience are essential to increasing our momentum in the market and allowing for our continued growth as a company,” said Gary Schmidt, President and COO of ILSI America.

“I’m very excited to be part of the ILSI America team. I think my depth of experience and technical knowledge will complement the sales management team, I am looking forward to developing long lasting customer relationships while offering the highest quality design solutions in frequency control products,” said David.

Please join us in welcoming Dave to our team.

About ILSI America

ILSI America was founded in 1986 with a mission to become a world class supplier of frequency control products. Through both organic growth and strategic acquisitions, ILSI America is now a global leader in the design, manufacturing, and supply of a broad range of components, across four brands – ILSI, MMD, Ecliptek, and Oscilent. ILSI America fulfills a wide scope of requirements that meet the strict standard of both OEM and CEM customers across many vertical markets via the following products: quartz crystals, crystal oscillators, MEMS oscillators, TCXOs, VCXOs, OCXO, filters, and resonators.
